COMPANY OVERVIEW

Who We Are

AtlasBox Global Trading LLC is a New York-based international trading and logistics company specializing in container trading, container leasing (including Oneworld arrangements), freight forwarding and global sourcing. We connect shipping lines, leasing companies, traders and buyers across the Middle East, Central Asia, South Asia, East Asia, Europe, Africa and North America.

Our New York team coordinates each movement through established freight carriers, customs brokers, trade partners and appointed local agents. UAE and Pakistan provide agent-network support, while a local representative in Germany supports European market coordination. This structure gives clients one accountable point of contact without presenting agent locations as registered AtlasBox offices.

Our Mission

To facilitate seamless, reliable and cost-effective international trade by leveraging our global networks, deep market expertise and end-to-end logistics capabilities.

Our Vision

To be a globally recognized trading and logistics partner known for integrity, efficiency and innovation in cross-border commerce.

Container trading, leasing and global logistics - end to end.

CORE SERVICES

AtlasBox delivers an integrated suite of international trade and logistics services, enabling clients to move goods efficiently and compliantly across global markets.

Service	Description
Container Trading	Buying and selling of new and used ISO shipping containers (20ft, 40ft, HC) for depot, storage, and intermodal use across global markets
Container Leasing — Oneway	Flexible one-way container leasing arrangements enabling shippers to lease containers for a single journey leg, optimizing empty repositioning costs for all parties
Cargo Consolidation	LCL and FCL shipment consolidation to optimize costs for importers and exporters
Customs Clearance Support	Coordination with licensed customs brokers to ensure compliant, timely clearance at all ports of entry
TIR Carnet Transport	Overland cargo movement under TIR Convention from Dubai hub into South and Central Asia — excluding all OFAC-restricted jurisdictions
Supply Chain Consulting	Trade route optimization, supplier vetting, and logistics planning for SMEs and enterprises
Re-export & Transshipment	Dubai-based re-export services to markets in Africa, South Asia, and Central Asia
Warehousing Coordination	Short- and long-term storage solutions through third-party warehouse partners in Dubai and Karachi

SERVICES PORTFOLIO — FULL-SPECTRUM CONTAINER SOLUTIONS

One partner for the complete container lifecycle — from sourcing and leasing to ocean freight and overland delivery.

Service	Type	Key Features
Container Trading	Buy & Sell	Buy/sell new & used containers globally; IICL-5 inspection standards applied; 48-hour pricing response commitment
Long-Term Leasing	1–5 Year Terms	Fixed-term 1–5 year agreements; Maintenance lease options; Sale-and-leaseback structure available
Short-Term & Spot	Spot & Flex	30-day minimum rental; Availability across partner depots
One-Way Programs	Repositioning	Discounted repositioning rates; All major imbalanced trade lanes; Custom program design per client
Breakbulk & RORO	Project Cargo	Non-containerizable cargo solutions; Vehicles & heavy machinery handling; Port-to-port full coordination

SPECIALIZED EQUIPMENT — BEYOND THE STANDARD BOX

AtlasBox offers access to a full range of specialized container types for complex, oversized, and project cargo across all major trade lanes.

Open Top (OT) 20ft & 40ft	20ft: 5.9m × 2.35m × 2.35m, Payload 28,000 kg; 40ft: 12.03m × 2.35m × 2.35m, Payload 26,500 kg; Cover: Removable tarpaulin	Over-height machinery & equipment; Steel coils & marble slabs; Timber & lumber. Available: Asia–EU, ME–Asia, TIR
Flat Rack (FR) 20ft & 40ft	20ft Payload: 30,480 kg; 40ft Payload: 40,000 kg; Collapsible end walls; Multiple D-ring lashing; ISO-compliant	Heavy construction equipment; Transformers & generators; Boats, pipes & oversized loads. Available: Asia–EU, ME–EU, Americas
One-Door-Open (ODO) 40ft HC Modified	Base: Modified 40ft HC; Max length: up to 12m through-load; One full end removed; Both-door-open option; ISO / TIR-approved	Long steel beams & structural steel; Timber logs & lumber packs; Oversized pallets & rolls. Available: Asia–EU, TIR, Middle East HIGH DEMAND — Priority for regular agents

NVOCC & OCEAN FREIGHT — FCL SERVICES

AtlasBox operates as a Non-Vessel Operating Common Carrier (NVOCC), offering competitive Full Container Load (FCL) ocean freight solutions across major Asian, Middle Eastern, and South Asian trade lanes. We provide weekly fixed-day sailings with 20ft and 40ft containers on spot and contract rates.

Origin — China Ports	Origin — Intra-Asia (SE Asia & Far East)	Origin — Middle East & GCC	Key Discharge Destinations
SHA – Shanghai; NGB – Ningbo; TAO – Qingdao; SZX – Shenzhen / Yantian / Shekou; TSN – Tianjin	MY: Port Klang, Penang; TH: Laem Chabang, Bangkok; ID: Tanjung Priok, Surabaya; KR: Busan; JP: Tokyo, Yokohama, Osaka, Kobe	UAE: Jebel Ali (AEJEA); KSA: Dammam (SADMM), Jeddah (SAJED); OMN: Salalah, Muscat; KWT: Kuwait; BHR: Bahrain	PAKISTAN: Karachi (KHI) / Port Qasim; INDIA: JNPT, Mundra, Chennai, Kolkata + ICD/IHC; NEPAL: via Kolkata / ICD Birgunj; CIS: via Pakistan Overland Route; INTRA-ASIA: Singapore, Colombo, Chittagong

20ft & 40ft FCL Available | Competitive Spot & Contract Rates | Weekly Fixed-Day Sailings

FCL ocean freight across Asian, Middle Eastern and South Asian trade lanes.

EUROPE TRADE DESK — SHIP TO EUROPE, PARTNER WITH ATLASBOX

AtlasBox invites freight agents with FCL cargo bound for Europe to partner with us — competitive rates, weekly sailings, and door delivery across the continent. We serve 5 North European base ports with full inland haulage networks.

Port	Capacity	Inland Haulage Coverage
Rotterdam	14.5M TEU/year	Benelux & Germany — transit hub for all Europe
Antwerp	12M TEU/year	Belgium, France, Luxembourg
Hamburg	8.9M TEU/year	Germany, Poland, Czech Republic, Austria, Denmark — Reefer & project capable
Bremerhaven	5.5M TEU/year	North Germany & Scandinavia — Heavy machinery preferred
Southampton	2M TEU/year	Full UK — England, Scotland, Wales — Textiles / FMCG / Consumer

What Agent Partners Receive:

- › Competitive FCL rates ex-Asia & Middle East
- › Door delivery across EU & UK
- › Customs clearance support at all 5 ports
- › Weekly fixed sailings to all 5 North European ports
- › Inland haulage: DE / BE / NL / FR / PL / UK
- › Agent commission up to 3.5% paid monthly

5 EU Base Ports | Weekly Sailings | Door Delivery Across EU & UK

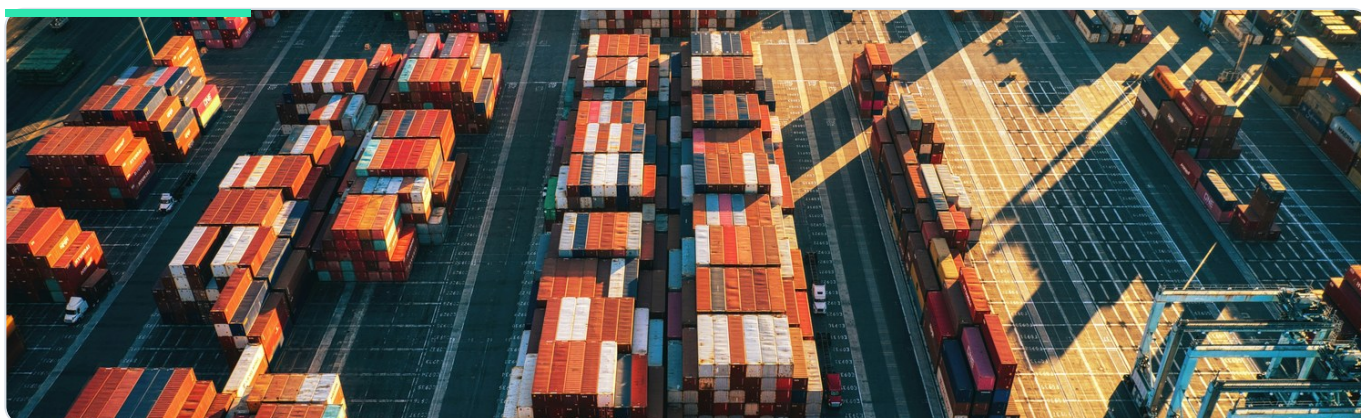

VESSEL SLOT PURCHASE PROGRAM — ATLASBOX BUYS VESSEL SLOTS

AtlasBox is an NVOCC seeking vessel slot purchase agreements with carriers and operators across key Asian trade lanes. We offer volume commitments on Intra-Asia, Asian Continent, and China sectors.

Sector	Routes & Equipment	Volume Commitment & Terms
China Sectors	SHA · NGB · TAO · SZX · TSN · SE Asia · Pakistan (KHI) · Middle East · South Asia (JNPT / Mundra). Equipment: 20ft DV, 40ft HC, Mixed Fleet	50–150 TEU/week; Fixed weekly allocation; Guaranteed minimum volume booking; Flexible space top-up available
Asian Continent	Intra-SE Asia + South Asia Loops — Port Klang · Laem Chabang · Tanjung Priok · Colombo · Chittagong · JNPT · Mundra. Equipment: 20DV, 40HC, Mixed	30–80 TEU/week; Named vessel slots — guaranteed space; 4-week advance booking lead time; Volume rebate eligible
Intra-Asia	Feeder & Short-Sea Loops — Singapore · Hong Kong · Busan · Tokyo · Jakarta · Manila · Ho Chi Minh City. Equipment: 20DV, 40HC	20–60 TEU/week; Spot + contract hybrid flexibility; Rolling 3-month volume guarantee; Priority loading commitment

Why Partner With AtlasBox for Vessel Slots:

- › Guaranteed minimum weekly TEU volume commitments
- › Reliable payment — net 30 terms, no delays
- › Advance cargo declaration & full documentation
- › Flexible equipment mix — 20DV:40HC ratio negotiable
- › Long-term slot agreements available 6–24 months
- › Single point of contact — dedicated NVOCC operator desk

Guaranteed weekly TEU volumes across China, Asian Continent and Intra-Asia sectors.

TRADE LANE MATRIX — ROUTES & COVERAGE OVERVIEW

NEW = New Route 2026 | All TIR routes are compliant and approved | All operations subject to applicable trade regulations and OFAC guidelines.

Active Trade Lanes Across 6 Continents | 8 TIR Corridors | Weekly to Monthly Frequency

GEOGRAPHIC COVERAGE

AtlasBox serves seven major global regions from its New York principal office, supported by vetted carriers, customs brokers, trade partners, appointed agents and local representation. This structure supports ocean freight, TIR overland, re-export and container movements while keeping one AtlasBox trade desk accountable for every enquiry.

Region	Coverage	Primary role
Middle East & Gulf	UAE (Dubai) — appointed-agent support for depot access, Oneway dispatch, GCC re-export and TIR coordination; active trade partners across the Gulf.	Agent support & route coordination
South Asia	Pakistan (Karachi) — appointed-agent support for port coordination, customs liaison and TIR access; trade partners in India, Bangladesh and Sri Lanka.	Agent support & TIR gateway
Central Asia	Uzbekistan, Kazakhstan, Tajikistan, Turkmenistan and Kyrgyzstan — served through approved TIR overland routes and delivery partners.	Overland delivery markets
East & Southeast Asia	China, Vietnam, Thailand, Malaysia, Indonesia and Singapore — origin sourcing, manufacturing and FCL consolidation markets.	Origin sourcing & FCL
Europe	Germany — local representative for European coordination; Netherlands, UK, Poland and Turkey served through trade and delivery partners.	Representative support & ocean delivery
North America	United States (New York) — AtlasBox principal office, client relations, commercial coordination and trade finance.	Principal entity & trade desk
Africa	East and West African destinations served through UAE re-export channels and appointed destination partners.	Re-export destinations

How we cover each market

- › Weekly FCL sailings ex-China, Southeast Asia and the Gulf
- › 8 dedicated TIR overland corridors into Central Asia
- › Vetted customs, carrier and last-mile delivery partners
- › UAE appointed-agent coordination for re-export and TIR transit
- › Pakistan appointed-agent support for port and customs liaison
- › Germany representative for European trade follow-up

7 Regions | 6 Continents | One Accountable AtlasBox Trade Desk

OVERLAND TIR TRANSPORT

AtlasBox operates TIR carnet–facilitated overland cargo movements using Dubai, UAE as the primary transit and consolidation hub. This enables cost-effective, secure, multi-country land freight without repeated customs examinations at each border crossing — a critical advantage for South and Central Asian trade corridors. All routes operate in full compliance with applicable international trade regulations and OFAC guidelines.

Route Corridor	Details
EX DUBAI — Middle East, Gulf & KSA	
Dubai › Saudi Arabia (KSA)	Overland via UAE–KSA border (Al Ghuwaifat / Salwa crossings); covers Riyadh, Jeddah, Dammam, and all major KSA commercial hubs via TIR sealed transport
Dubai › Kuwait, Bahrain, Qatar, Oman	Overland and short-sea TIR connections to all GCC member states; goods remain under customs seal throughout transit
EX KARACHI (KHI) — South & Central Asia	
Karachi › Afghanistan via Spin Boldak (Chaman Border)	Overland road freight ex-Karachi through Quetta to the Chaman/Spin Boldak border crossing into Kandahar and onward to Kabul, Herat, and other Afghan commercial centres — operated under applicable trade authorizations
Karachi › CIS States via Afghanistan (Spin Boldak Corridor)	Extended overland routing ex-Karachi through Quetta › Chaman/Spin Boldak › Afghanistan › connecting into Uzbekistan, Tajikistan, Turkmenistan, and Kyrgyzstan; enables cost-effective access to Central Asian markets from Karachi port
EX KARACHI (KHI) — Turkey & Europe	
Karachi › Turkey (via overland & Poti, Georgia)	Combined sea-land routing: cargo shipped from Karachi port to Bandar Abbas or Dubai, then overland through Central Asia › Georgia (Poti port) › Turkey (Istanbul / Mersin), providing a viable alternative to Suez routing for time-sensitive cargo
Karachi › Europe (via Turkey)	Onward from Turkey via TIR overland through the Balkans and EU road network into Central and Western Europe; full TIR customs seal maintained from origin to final European destination
CIS STATES › Europe via Poti (Georgia) & Turkey	
CIS › Poti, Georgia › Turkey › Europe	Freight originating in Uzbekistan, Kazakhstan, Tajikistan, Turkmenistan, or Kyrgyzstan moves overland to Poti (Georgia) for Black Sea port loading or direct Turkish land border crossing, then transits Turkey under TIR into EU markets
CIS › Turkey (Transit Hub) › Europe	Turkey serves as a critical TIR hub for Central Asian cargo destined for Germany, Netherlands, Poland, and other EU destinations; AtlasBox coordinates consolidation, customs clearance support, and last-mile delivery across this corridor

WHY TIR? — KEY ADVANTAGES

Advantage	Benefit to Cargo Owner
Customs seals honored across all TIR member countries	Cargo is not re-examined at intermediate borders
Single guarantee chain	No repeated customs deposits or bonds required per country
Reduced border delays	Faster transit times and lower administrative costs
Wide cargo suitability	Ideal for bulk goods, machinery, consumer goods & industrial materials

PRODUCT CATEGORIES TRADED

AtlasBox facilitates the international movement of a broad spectrum of commercial goods across multiple industry verticals:

- › Fast-Moving Consumer Goods (FMCG)
- › Electronics & Electrical Goods
- › Construction Materials
- › Chemicals & Raw Materials
- › Office Supplies & Stationery
- › Industrial Machinery & Equipment
- › Textiles & Apparel
- › Food & Beverages (Non-perishable)
- › Auto Parts & Accessories
- › Health & Personal Care Products

TIR overland transport — sealed, compliant, border to border.

WHY CHOOSE ATLASBOX

AtlasBox combines global reach with local expertise — delivering end-to-end container and trade solutions built on a foundation of trust, compliance, and commercial excellence.

01**Full-Spectrum Solutions**

One partner for container trading, leasing, NVOCC, project cargo, and TIR — complete container lifecycle coverage from origin to destination.

02**Global Equipment Access**

Access to 7 equipment types through our partner depot network: 20ft DV, 40ft HC, OT, FR, ODO and specialized units.

03**Speed & Reliability**

48-hour pricing commitment on all requests, named vessel slots, and fixed weekly sailing schedules across major trade lanes.

04**TIR & Inland Expertise**

8 overland TIR corridors including the Spin Boldak gateway and direct CIS routes — full customs seal compliance throughout.

05**Europe Direct Service**

Weekly sailings to 5 North European base ports (Rotterdam, Antwerp, Hamburg, Bremerhaven, Southampton) with door delivery across EU & UK.

06**Partner-First Approach**

Tiered agent commissions up to 3.5%, no minimum volume to start, priority equipment allocation for partner agents.
